Blog Post: Open Enrollment Period (OEP)

Did you know that if you are unhappy with your Medicare Advantage plan you may still have an option to change your plan? Each year the Open Enrollment Period (OEP) lasts between January 1st and March 31st, giving you the option to change your Medicare Advantage plan. Here are your options during the Open Enrollment Period if you have a Medicare Advantage Plan and want to change your coverage:

- You can change your Medicare Advantage Plan to another Medicare Advantage Plan
- You can disenroll from your Medicare Advantage Plan and go back to Original Medicare with or without a Prescription Drug Plan.

If you decide to change your Medicare coverage using one of the options above, then your new coverage would begin on the first of the month following your coverage change. For example, if you change your Medicare Advantage Plan to another Medicare Advantage Plan or back to Original Medicare (with or without prescription drug coverage) on January 15th, then your new coverage would begin on February 1st.

Please note: If you decide to go back to Original Medicare, there is no guarantee you would be able to get coverage from a Medicare Supplement.
